

OZ Trophy Race Results July 4, 2007

The winds were high, south at 15 to 20 knots with higher gusts. All 3 divisions started together and sailed the same course. It was a short windward leg to mark B (which Buckaroo dragged north a bit), and then downwind to mark C in Smith's Cove (rounded to Starboard), around the southern tip of Shelter Island to mark D, by Cedar Point, and then back home to the Breakwater. It was drizzling at the start, but was pouring rain for at least the last leg of the race. Tide was ebbing.

Three boats were called for a violation of the one-minute rule. The horn was sounded, flag was put up on the front of the RC and their names were announced on the radio, so they have received an OCS.
